ENGINEERING CONSULTANCY SERVICES PUNJAB (PVT.) LIMITED

CAREER OPPORTUNITIES

Engineering Consultancy Services Punjab (Pvt.) Limited invites applications from dynamic, experienced, and result-oriented professionals for the following positions:

Sr #	Positions	No. of Posts	Qualifications	Experience (Years)
1.	**GM Roads & Highways (Design)**	**As required**	(16 years' education) BE/BSc Civil Engineering (PEC registered). MS Transportation/Highway Engineering preferred.	Minimum 10 years in highway geometric and pavement design, traffic engineering, drawings, BOQs and tender documents. Senior role at a major firm or public body will be preferred.
2.	**Senior Manager Roads & Highways (Design)**	**As required**	Minimum 16 years of education in Civil Engineering from a HEC-recognized university. (PEC registered) Master Degree in Transportation / Highway Engineering from a HEC-recognized university will be preferred.	Minimum 08 years of relevant experience in highway geometric and pavement design, traffic engineering, drawings, BOQs and tender documents. Senior role at a major firm or public body will be preferred.
3.	**Manager Roads & Highways (Design)**	**As required**	16 years' education) BE/BSc Civil / Transportation / Highway Engineering from an HEC-recognized university (PEC registered). Master's in Transportation or Highway Engineering preferred	Minimum 6 years of post-qualification experience in geometric design, pavement design and construction supervision of roads and highways, or in a similar role.
4.	**Assistant. Manager Roads & Highways (Design)**	**As required**	(16 years' education) Civil / Transportation Engineering from a PEC-recognized institution, or equivalent professional qualification.	Minimum 4 years in in highway geometric and pavement design, traffic engineering, drawings, BOQs and tender documents will be preferred., or in a similar role.
5.	**Senior Manager Water Sanitation/Public Health**	**As required**	(16 years' education) BE/BSc Civil / Water Resources Engineering from an HEC-recognized university (PEC registered). Master's in Water Resources / Hydraulic Engineering preferred.	Minimum 8 years of relevant design experience in sanitary, stormwater, drainage, hydrology & hydraulics, potable water, sewerage treatment plants, water treatment plants, computer software sewer gems, water gems, hammer etc. in a reputed public/private organization.

6.	**Manager Water Sanitation/Public Health**	**As required**	(16 years' education) BE/BSc Civil / Agricultural / Water Resources Engineering from an HEC-recognized university (PEC registered). Master's in Hydraulics / Irrigation / Water Resources preferred.	Minimum 6 years of post-qualification experience in design experience in sanitary, stormwater, drainage, hydrology & hydraulics, potable water, sewerage treatment plants, water treatment plants, computer software sewer gems, water gems, hammer etc. in a reputed public/private organization.
7.	**Assistant Manager Water Sanitation/Public Health**	**As required**	(16 years' education) Civil, Agricultural or Water Resources Engineering from a PEC-recognized institution, or equivalent professional qualification.	Minimum 4 years in design experience in sanitary, stormwater, drainage, hydrology & hydraulics, potable water, sewerage treatment plants, water treatment plants, computer software sewer gems, water gems, hammer etc. in a reputed public/private organization.
8.	**Manager Energy (Mechanical/HVAC Design)**	**As Required**	Minimum 16 years education in Mechanical Engineering, from an HEC recognized university. (PEC Registered) Master's degree in Mechanical Engineering from an HEC recognized university will be preferred.	Minimum 06 years of post-qualification experience in performing HVAC load calculations, selecting equipment's & systems, preparing schedules, designing ducting & piping, generating plans, sections and drawings, submit approvals and site inspections, prepare plumbing and firefighting plans and drawings, prepare BOQ and estimates, review mechanical and HVAC design drawing or in a similar role.
9.	**Assistant Manager Energy (Mechanical/HVAC Design)**	**As Required**	Minimum 16 years education in Mechanical Engineering, from an HEC recognized university. (PEC Registered)	Minimum 04 years of relevant post-qualification experience in performing HVAC load calculations, selecting equipment's & systems, preparing schedules, designing ducting & piping, generating plans, sections and drawings, design and prepare plumbing and firefighting plans and drawings, prepare BOQ and estimates, review mechanical and HVAC design drawing or in a similar role.
10.	**MEP Engineer**	**As Required**	Minimum 16 years of education in Mechanical/ Electrical/ Mechatronics Engineering from an HEC-recognized university. (PEC Registered).	5–7 years relevant experience in design and installation of MEP systems or in a similar role.
11.	**Project Director**	**As Required**	Minimum 16 years' education in Civil / Electrical / Mechanical Engineering or related discipline from an HEC-recognized, PEC-accredited institution. Master's in Project / Construction / Engineering Management or MBA preferred.	Minimum 10 years in planning & scheduling, construction supervision and contract administration of large infrastructure, water, sanitation, transport or energy projects, including 5 years in project leadership.
12.	**Manager Architect**	**As Required**	Minimum 16 years' education in Architecture from an HEC-recognized university (PCATP registered). Master's in Architecture or Urban Design preferred.	Minimum 6 years of post-qualification experience in architectural design, planning, detailing and project coordination for large-scale projects in consultancy, infrastructure or public sector organizations.
13.	**Assistant Manager Architecture**	**As Required**	Minimum 16 years' education in Architecture from an HEC-recognized university (PCATP registered).	Minimum 4 years in architectural design, detailing and drawing development for infrastructure / building projects, or in a similar role.

14.	**3D Animator**	**As Required**	Minimum 16 years of education in Animation/ Multimedia Arts or related field from an HEC recognized institution.	Minimum 05 years relevant experience in architectural or engineering visualization/animations or in a similar role.
			DAE/ Diploma or equivalent qualification/ certification	Minimum 07 years relevant experience in architectural or engineering visualization/animations or in a similar role.

How to Apply:
Interested candidates may apply online through the ECSP official website **(https://www.ecsp.com.pk/career)** within **07 days** of publication of this advertisement. Applicants are required to fill out the prescribed online application form and upload scanned copies of educational documents, experience certificates, professional registration (where applicable), a recent photograph, and CNIC.
Only shortlisted candidates will be called for an interview and will be required to present their original documents. Late or incomplete applications will not be considered.
ECSP offers market-based salaries on a contract basis and reserves the right to shortlist candidates, reject applications, increase or decrease the number of posts, or cancel the recruitment process without assigning any reason. No TA/DA will be provided, and the Selection Committee's decision will be final.
